## Changes in Dental Billing

Dental 09-002

### **D0000—Broken Appointment Code**

Effective August 1, 2009 EqualityCare dental providers will now be able to bill D0000 for a No call/No show dental appointment by an EqualityCare client. Please bill this on an ADA 2006 claim form with the date of service being the broken appointment date and the amount being \$0. This code will help the provider's office and EqualityCare track the number of broken appointments made by a client.

### **D1510 and D1515—Space Maintainers**

Effective August 1, 2009 EqualityCare dental providers will now be required to include the quadrant in box 25 (area of oral cavity) of the 2006 ADA claim form. Please use UL,UR,LL, or LR to indicate which area of the oral cavity the space maintainer was placed.

### **D8050 and D8060—Interceptive Orthodontics**

Effective August 1, 2009 EqualityCare dental providers will now be required to include the arch in box 25 (area of oral cavity) of the 2006 ADA claim form. Please use the 01 (upper arch) and 02 (lower arch) indicators to indicate which arch the interceptive orthodontic treatment was done.

### **D2642, D2643, D2644— Onlays**

Effective August 15, 2009 EqualityCare will close these Onlay codes. Dental Providers will no longer be able to bill for D2642, D2643, and D2644.

Please expect more changes in dental billing to follow. A new 2009 dental manual will be sent to each EqualityCare provider when all of the new changes have been completed. If you have any questions regarding these new billing changes please call ACS Dental Services at 1-866-863-5806.
