Institutional

Effective August 1, 2008

YOUR IMMEDIATE ATTENTION IS REQUIRED

Please share this bulletin with the following staff:

- Office Manager
- EqualityCare Biller

FQHC/RHC

Effective August 1, 2008 the billing procedures for FQHC's and RHC's will change. All line items must be reported with respective codes entered on the claim. The line items will not alter the payment as facilities will still be paid an established encounter rate. Submitting claims without the line item detail will cause a denial on the claim. This change is being required in order to accurately reflect services provided.

Directions:

- Line one will not change. Continue to enter the encounter revenue code, procedure code, dates of service and your usual and customary charges.
- All other lines must be detailed with appropriate revenue and procedure codes for the provided services. Additional lines do not require a line item charge.

CORF

Effective beginning August 1st, 2008 there will be a change in how your claims should be submitted. When billing Wyoming EqualityCare, each line item will require the appropriate Revenue code and the appropriate CPT/HCPCS code.

In accordance with Medicare's guidelines and billing instructions, your claims will be paid off the CPT/HCPCS codes instead of the Revenue code. For a list of all fees please visit the EqualityCare website at <http://wyequalitycare.acsinc.com/index2.html> and click on "Fee Schedules."

If you have additional questions regarding billing or covered services, please contact the ACS Provider Relations Unit at (307) 772-8401 or toll free at (800) 251-1268. Call center hours are Monday through Friday from 9am-5pm.
